

1. **Me to We Club** – is starting a project "We Make Change" we are trying to fund-raise over the course of the year to collect as much change \$\$ so we can send it to support Health Care needs in Haiti.

2. **Coats for the Cold:** Me to We Club is challenging our school to collect as many gently-used clean winter coats for all ages so we can help others in our community keep warm this winter season. Please drop them off in Mrs. Rae's room by November 30. These coats will be given to McMann for distribution throughout our city. Thank you in advance for helping out our community.

3. **NDA Instagram account:** NDA has introduced an Instagram account for our school. This is an opportunity to showcase some of the great things happening throughout the school year.
